NEW YORK STATE | Citizen Preparedness Corps

With severe weather events becoming more frequent and more extreme, it is more important than ever that New Yorkers are prepared for disasters. **The NY Citizen Preparedness Training Program** teaches residents to have the tools and resources to prepare for any type of disaster, respond accordingly and recover as quickly as possible to pre-disaster conditions. The training course will provide an introduction to responding to a natural or man-made disaster. Participants will be advised on how to properly prepare for any disaster, including developing a family emergency plan and stocking up on emergency supplies

Did you know:

It is a myth that Benjamin Franklin wanted the Turkey as the National Bird. However, he did praise the bird in contrast to the Bald Eagle which he felt was a "Bird of Bad Moral Character." Read more: http://www.smithsonianmag.com

On July 20, 1969, Commander Neil Armstrong became the first man on the moon. He said the historic words, "That's one small step for a man, one giant leap for mankind."

KID's Corner Crafts

Hand Print Fireworks Craft

What you'll need:

- ☆ Red, white, blue and black construction paper
- ☆ Glue
- ☆ Glitter
- ☆ Scissors
- ☆ Pencil

How to make your hand print fireworks:

- ☆ Trace your child's hand print. Cut out multiple copies on all of the colors of paper.
- ☆ Glue the hand prints onto the black construction paper. You want to create a circle of hand prints and have them overlap the whole way around (see the picture provided).
- ☆ Once the hand prints are glued down, squirt a line of glue all around the outside edge of the hand prints.
- ☆ Have your child dump glitter on the glue and shake it a bit to coat
  *Tip: if you have younger children, try putting the piece of paper in the lid to a shirt box or something similar. This helps contain the glitter a bit better than just a piece of newspaper.
- ☆ Dump off the excess glitter.
