Dear Charly

I have a cousin named Charles Emerson (son of Judge Wm Emerson of this city) now about 21 years of age - about 6 feet tall, handsome, first rate character - a student at Harvard for three years or more, which place he left to join the 7th Regiment as private and served his 3 months with them & returned with them to the city a few weeks ago - by recommendations furnished by his officers he is perfectly competent to take a Captains commission

Yours
