Dear Mother,

Your letter of the 14th inst was received last evening — I was as ever glad to hear from you — The box of things you sent me has not arrived yet — I do not know why is the reason — but perhaps they are on the road — I received a letter from Mr Bissell which stated that — the box would not be sent until the ~~first~~ first part of this week — It may come yet before the week is out — If it has not been sent when

you receive this please
send it all the money
by Adams express co and it
will be sure to come through
all safe. When you send
a box allways remember
this— never send any
writting in the box,—
what ever you want to write
me should be sent by mail.
Every box that comes on
the Island has to be ex
amined by the provost
Marshall— in order to pre-
vent liquor from being
sent to the soldiers—
Please keep track
of what the things
cost that you send me—
so that when I get my
pay I can make it
good— I am getting about
out of money again.

You may think that I am extravagant – but I do not buy but very few things yet they cost considerable

Please send me ten dollars as soon as you get this letter, I will make it good when I get my pay from the government – I do not wish to get out of money if I can help it – ~~I will~~ if you have not got national currency you may send ~~some~~ Sent State" – National is the best, You stated that you would like to have me ~~send~~ remain on the Island if I could – As far as that is concerned I will leave to go when they say the ~~best~~ worst, The prospect is at present – that I shall have to remain here some time yet

A person may not have
one hours notice before he
has to start — I have made
up my mind to remain here
untill those to send me away."
I do not know as I have
any more to write at present
Try and send the money as
soon as you get this if you
can possible — If you ~~can't~~ could
command send it then please do not
send it untill untill you hear
from me again" No more
now — Your Son"

I enjoy myself as good as usual —
We had a small snow storm
here last Tuesday but it turned
to rain just before it was
over — It has commenced rain-
ing here this evening — we have
