At home you buy cigars mostly at one stand. Ever think of it? after you walk blocks out of your way to get a smoke at the stand you patronize regularly. There is something about the place that pulls you that way whenever you feel like treating your face to a smoke it may be courteous, prompt service, the pleasant person across the plate-glass, the particular cigar you like--whatever draws you there, you go, and go again. Man is a creature of habit even in McAllen. Have you ever bought a smoke at the Delmonico Cafe smoke shop?

Cigars for particular men, cigarettes for fastidious men, smokes for plain men real smoking mixtures for men with pet pipes.

Try the Delmonico smoke shop. You may develop another habit.

CONCERNING MILITARY DUTY IN NEW YORK STATE

The Army and Navy Journal of Nov. 18 says:

It has been broadly asserted that the State of New Jersey will receive a large addition to its population from New York National Guardsmen located in New York City going there to reside in order to escape further military duty. Brig. Gen. Louis W. Stotesbury, The Adjutant General of New York, however, is evidently wise to the anticipated big rush, and also to the fact that those men may claim a residence in New Jersey and live in New York after the manner of divorce-seekers. The general has made it plain in G. O. 35, just issued, however, that an alleged residence in New York will not be so easy. He says requests for discharges prior to expiration of period of enlistment on account of permanent change of residence to another state will be forwarded through the channel of the Adjutant General of the State, Albany, N. Y., for approval. "Commanding Officers," says General Stotesbury, "will satisfy themselves that permanent change of residence to another state has taken place or is to take place before forwarding requests and discharge will not be granted until change of residence to another state has been actually accomplished."

FROM GENERAL O'RYAN TO GOVERNOR WHITMAN

Two Soldiers Motorcycling to New York for Record.

At midnight Tuesday, November 21, Privates Daniel LeRoy Dresser of the 7th Infantry and Harvey Edwards of Battery E, 2nd Field Artillery, having been granted a furlough, left for a record-breaking motorcycle trip to New York City and Albany, bearing a special message from Major General O'Ryan, commanding the 6th Division to Governor Charles S. Whitman.

The machine used was a specially built side car, Harley-Davidson, built by the manufacturers especially for the trip which is to establish a record. Each man carried his full equipment and the riding will be continuous, twenty-four hours a day, one man sleeping in the side car while his companion runs the motorcycle. The distance is about 2,400 miles.

Up to the hour of going to press no news has been received from the motorists, but as no newspaper has announced their death by drowning or vaulting stone walls it is presumed that they are rolling off the miles, and turning up the dust in their wake at such a lively pace, no reporter can see them and they have no time to wire.

A PRETTY WEDDING AT BROWNSVILLE

Several officers and enlisted men of the 6th Division attended the pretty wedding in Brownsville Wednesday evening, when Miss Amelia Alberta Young, daughter of Mr. and Mrs. John J. Young, became the bride of Mr. Xavier Jean Camiade. The ceremony was solemnized in the Sacred Heart church and followed by a reception at the beautiful home of the bride's parents. Later a number of the guests motored to the Country Club and enjoyed a dance.

SUNDAY SERVICES IN THE SIXTH DIVISION

Religious services in Camp McAllen will hereafter be held each Sunday as follows:

Chaplain Connolly will celebrate mass at the Knights of Columbus building at 8 and 10 o'clock a. m.

Chaplain Duffy will celebrate mass at the Chapel of the 69th Infantry at 7:10 and 9:00 o'clock a. m.

Chaplain Fornes will celebrate mass at the chapel of the 3rd Field Artillery at 5:45 and 10 o'clock a. m.

Chaplain Fell will celebrate Holy Communion at the chapel of the 22nd Engineers at 8:30 o'clock a. m.

The editor doesn't care who censors the military dispatchers so long as he can write the headlines.—Life.
