MEMORANDUM FOR SEE DISTRIBUTION

Subject: NYARNG Technician Alternate Work Schedule (AWS) Realignment

1. Reference memorandum, MNAG-TAG, subject: Implementation of Alternate Work Schedule, 8 July 1994.
2. Effective 2 September 2007 all NYARNG Bargaining Unit Technicians who participate in the Alternate Work Schedule will have their scheduled day off realigned to the first Monday in every pay period. NYARNG Bargaining Unit Technicians who currently take Fridays or the second Monday in a pay period as their scheduled day off will be allowed to change to the first Monday of every pay period or change back to a traditional five day work week.
3. Additionally, all NYARNG Technician Managers and Supervisors will be precluded from AWS participation effective 2 September 2007. All NYARNG Technician Managers and Supervisors who currently participating in the AWS will realign their schedule to a five day work week.
4. The aforementioned AWS realignments are necessary to increase continuity of NYARNG operations and promote efficiencies within our organization. Ample lead time has been programmed into this AWS realignment to allow those Technicians affected time to adjust their personal schedules.
5. Questions may be directed to the undersigned regarding this action at (518) 786-4721 or DSN 489-4721.
