Air Force ROTC Instructor

Support Air Force Reserve Officers Training Corps (ROTC) by instructing Cadets in Aerospace Studies, field training and physical fitness. Mentor and develop cadets to be successful Air Force officers at the completion of their college career and Air Force ROTC. Utilizing Air Force lesson plans, provide college level instruction that engages cadets and creates a desire to learn and serve. Utilize experience from an Air Force career to evaluate and instruct cadets during Field Training Exercises designed to teach field craft and basic tactics in different terrain and changing environmental conditions. Lead, participate in and evaluate physical fitness training at least three times per week. Present a professional appearance and demeanor in all activities. Coach, teach, mentor and develop cadets as they navigate college academics to achieve degree completion and Air Force ROTC to meet commissioning requirements. Understand and be able to develop risk management plans for various classroom and training environments. **There are multiple positions available in several states including: NY, VA, FL, AZ, DE, IN, MO, TN, TX, CA AL, IA**

Required Skills:

Recent experience as a Commissioned Officer in the Air Force with a minimum grade of Captain with six (6) years' experience in the Active Component and an honorable discharge or ten (10) years total service in the U.S. Air Force Reserve Component for former and current Reserve Commissioned Officers.

Well organized and detail oriented, strong written and oral communication skills, and the ability to work well with others.

Strong team player with effective leadership and collaboration skills.

Valid driver's license

Highly Desirable Experience, Knowledge, Skills and Abilities:

Previous Assistant Professor of Aerospace Studies

Completion of Air Force Instructor Course

Experience teaching effectively in a classroom setting, presenting both standardized instruction and creative workshops

CPR certification

Education:

Bachelor's Degree (some openings require Master's Degree)

Physical Requirements:

Personnel performing duties as instructors must be able to perform the physical requirements of the tasks, which include, but are not limited to, participating in strenuous physical fitness training activities and participating in outdoor field training exercises of lengthy duration in a variety of weather extremes.

Employees must possess and maintain the degree of physical fitness required to fully perform the required tasks.
