Position: Construction Maintenance Tech

Location: Rochester, NY

Date Posted: 02/15/2019

Looking for guaranteed hours and a benefits plan? Consider advancing your career with Delta Sonic as a Special Projects/Building Maintenance Tech! Paid vacation, medical/dental/vision benefits, 401K, paid holidays and a competitive wage all while helping you grow your career.

Our Maintenance/Special Projects Department is seeking qualified applicants for a full-time, benefited position of Building Maintenance Tech. As part of the maintenance team, this individual will primarily be responsible for property maintenance, light duty construction, new project start-ups, and building and equipment renovations. Compensation is commensurate to experience. Flexible availability is needed for a Monday through Friday schedule, with occasional weekends and overnights.

Minimum Requirements:

- Six months to two years of prior building maintenance experience, is preferred- Good mechanic knowledge/skills with the ability to troubleshoot problems
- Ability to work both independently or as a team on assigned tasks with a sense of urgency
- Willingness to work in all weather conditions, both indoor and outdoor environments
- Ability to walk, stand, and bend for long periods of time, with or without reasonable accommodation
- Ability to frequently lift heavy amounts of weight, with or without reasonable accommodation
- Willingness to work from elevated platforms
- A valid driver's license is preferred

To apply, go to <https://www.deltasoniccarwash.com/employment.html> and select view job summaries on the bottom right. Select apply online, select Rochester, NY region, select Corporate/Support Staff, and then Property Maintenance Technician/Special Projects.
