Citizen Preparedness Corps

With severe weather events becoming more frequent and more extreme, it is more important than ever that New Yorkers are prepared for disasters. **The NY Citizen Preparedness Training Program** teaches residents to have the tools and resources to prepare for any type of disaster, respond accordingly and recover as quickly as possible to pre-disaster conditions. The training course will provide an introduction to responding to a natural or man-made disaster. Participants will be advised on how to properly prepare for any disaster, including developing a family emergency plan and stocking up on emergency supplies

SPOTLIGHT ON FAMILY PROGRAMS

NY Army National Guard Job Zone

The Mission of the New York National Guard Job Zone

The New York National Guard Job Zone's primary mission is to serve as a focal point for job opportunities for our Service Members throughout New York State and facilitate employer partnering with our program, through posting of job fairs and individual employment opportunities on our website, face to face and electronic communication with employers and a constant liaison with the Department of Labor and the NYESGR Committee.

Did you know:

It is a myth that Benjamin Franklin wanted the Turkey as the National Bird. However, he did praise the bird in contrast to the Bald Eagle which he felt was a "Bird of Bad Moral Character." Read more: <http://www.smithsonianmag.com>

On July 20, 1969, Commander Neil Armstrong became the first man on the moon. He said the historic words, "That's one small step for a man, one giant leap for mankind."

Hand Print Fireworks Craft

What you'll need:

- ☆ Red, white, blue and black construction paper
- ☆ Glue
- ☆ Glitter
- ☆ Scissors
- ☆ Pencil

How to make your hand print fireworks:

- ☆ Trace your child's hand print. Cut out multiple copies on all of the colors of paper.
- ☆ Glue the hand prints onto the black construction paper. You want to create a circle of hand prints and have them overlap the whole way around (see the picture provided).
- ☆ Once the hand prints are glued down, squirt a line of glue all around the outside edge of the hand prints.
- ☆ Have your child dump glitter on the glue and shake it a bit to coat
*Tip: if you have younger children, try putting the piece of paper in the lid to a shirt box or something similar. This helps contain the glitter a bit better than just a piece of newspaper.
- ☆ Dump off the excess glitter.
