Range Operations reserve the right to cancel or make changes to any schedule request in order to meet the needs

of Camp Smith and/or New York State Division of Military & Naval Affairs (DMNA)

Units must possess written confirmation, from Range Operations, for all approved facility scheduling.

Units are responsible for reviewing all written confirmations from Range Operations.

Once written confirmation is sent to a unit, and no contact is made after five (5) working days, Range Operations will

deem all confirmed reservations to be acceptable to the requesting unit.

All scheduling cancellations must be submitted in writing.

Units must be familiar with Camp Smith Range Regulations, AR 385-63, and all appropriate FMs and TMs prior to signing for
