3. Duration of Contract: This contract shall be for the period commencing December 9, 2011 through April 15, 2012.

4. Conditions: All work listed shall be performed in a thorough and professional manner and in accordance with accepted industry methods and practices. All work shall be in strict compliance with all local and state codes, ordinances, laws, and policies. The contractor shall provide an adequate number of competent, properly trained personnel with sufficient supervision to provide the required services at all times. The contractor shall provide all personnel with a complete set of specifications and schedules to ensure all required services are completed. All tools, equipment and supplies shall be provided by the contractor and shall meet all applicable local, State and Federal Standards. Contractor shall correct any substandard work without additional cost to the State. Prior to the start of each snow season, the contractor must meet with the facility representatives to discuss contract performance in detail and walk the facility grounds.

5. Security: The security and protection of all materials, tools and equipment is the sole responsibility of the Contractor.

6. Scope of Work: Bidders must have read and be thoroughly familiar with the scope of work and all contract documents. The failure of omission of any bidder to receive or examine any form, instrument, or document shall in no way relieve the bidder of any obligation in respect to this project.

Snow removal services shall include snow plowing, removal and disposal of snow, removal of ice and ice build-up, and salting as needed to maintain **bare pavement** as weather will permit, and ensuring proper and safe access to the building, fire exits, steps, and parking lots during normal hours of operation (6:30 AM thru 6:00 PM or as directed by contracting officer).

Prior to the first snowfall to avoid the possibility of damaging curbing, shrubs, manholes, cyclone fencing, brick walls, guard rails, electrical junction boxes and any other areas that are susceptible to damage because they are easily concealed by snowfall shall be staked out (clearly marked/identified) by the Contractor. Superintendent will approve the type of stakes to be utilized. Snow can be piled in certain areas per approval or as directed by Armory Superintendent (or his authorized representative). The Contractor shall not commence work until a conference is held at which representatives of the Contractor and the State are present. The time and date of the meeting will be arranged by the State.

Plowing is to be started within one (1) hour after the accumulation of snow that is greater than two (2) inches. If an evening snow storm occurs, snow removal services must be completely performed by contractor approximately one (1) hour before the building opens (6:30 AM). If a daytime snowstorm occurs, the contractor must perform snow removal services promptly after accumulation reaches two (2) inches and removal shall continue after each additional two (2) inches of accumulation. Contractor may conceivably be required to perform snow plowing activities more than once within a twenty-four (24) hour period, and may be called by the Armory Superintendent to perform special cleanup during normal business hours based on snowfall accumulations.

Snow is to be cleared from all entrances, exits, walkways, steps, and all parking areas as indicated on the attached facility map. All sidewalks at the facility shall be cleared of snow and ice at all times.

Fire exits shall at all times be clear enough that fire doors can be easily opened. Fire exits shall be de-iced when ice accumulates. Emergency exit walkways and stairs shall have snow removed at the same time snow is removed from parking areas or when two (2) inches of snow accumulates or upon a call from the Armory Superintendent.

In addition, all sidewalks, area in front of handicapped parking spaces, platforms, and the sidewalks to platforms), and entrances shall be shoveled and de-iced when two (2) inches of snow accumulates or upon request from the Armory Superintendent. This shall be done as often as necessary to maintain pedestrian safety and prevent ice build-up.

To eliminate ice build-up, the State is requiring that the vendor salt and scrape all **PAVED/CONCRETE SURFACES** after every ice and/or snow storm.

Salting shall be performed on parking lots, sideways, entrances' steps, and exits to maintain areas in safe and useable conditions. Vendor is responsible for shoveling of building entrance, exits, steps, and walkways, all of which must be clean, and remain ice-free. The Contractor shall maintain a bare pavement policy on all areas.

The contractor will remove or push back any banks exceeding six feet in height only after notifying and receiving permission of the superintendent or his representative. Removal of snow drifts in problem areas when requested by the superintendent or his representative. In the event of **numerous heavy snowfalls** where snow is impeding on daily business activities, the contractor shall move snow to an unused area on site. The contractor shall remove all snow from the parking areas and no snow shall be left within the parking area perimeter. The contractor shall be directed to haul and dispose of snow as /when directed by the Armory Superintendent.

Any waste resulting from this contract requirement shall be removed from the facility the same day as service is provided and disposal of waste by the contractor shall be in accordance with State and Federal laws.

7. Mandatory Site Visit: A mandatory site visit is required to ascertain the conditions. Bidders are required to inspect all premises and render a quote for any of the sites they are interested in servicing. Bidders should contact the facility representatives listed below to schedule a date and time for visitation. Bids will not be accepted from prospective Contractors who have not conducted site visits prior to submitting their bids. Prospective bidders must complete a Site Visit Verification Form (attached).

9. Cancellation for Convenience: The State of New York Division of Military and Naval Affairs retains the right to cancel this contract in whole or in part without reason provided that the Contractor is given at least thirty (30) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 30 day discretionary cancellation or cancellation for cause by the respective user agency.

10. Personnel: The contractor will provide a contract manager who will be responsible for the performance of the work. The name of this person along with an alternate (who will act for the contract manager when that person is absent) will be designated in writing to the facility superintendent prior to contract start date. The contractor will also provide telephone numbers for those persons listed. The contract manager and the designated alternate must be able to read, write, speak and understand English.

11. Employee Identification: The contractor personnel and their vehicles must be recognizable while at the facility. This must be accomplished by vehicle signage, wearing distinctive clothing bearing the name of the company and/or by wearing appropriate badges with the company and employee's name. In the event that the contractor chooses to use badges, the contractor is responsible for acquiring an appropriate number of badges to meet their needs at his/her own expense.

- **ALL CONTRACTED PERSONNEL MUST HAVE VALID PHOTO IDENTIFICATION BEFORE ENTERING THE FACILITY.**
- **AT THE DISCRETION OF SECURITY PERSONNEL ANDOR THE MAINTENANCE SUPERVISOR, ANY VEHICLE MAY BE SUBJECT TO A SEARCH.**
- **FAILURE TO COMPLY WITH ANY OF THE ABOVE CONDITIONS COULD RESULT IN REFUSAL OF ENTRY INTO THE FACILITY.**

12. Emergency Telephone Contact: The contractor will be required to maintain a twenty-four (24) hour per day, seven (7) days a week emergency telephone contact.

13. Compliance with the Law: Contractors shall render the services to be provided pursuant to this agreement in compliance with all applicable Federal, State, and local laws, ordinances, rules, and regulations.

a. Appendix A: Standard Clauses for New York State Contracts, dated June 2011, is hereby expressly made a part of this RFQ as fully as if set forth at length herein. Appendix A is available on OGS website at <http://ogs.ny.gov/purchase/bidcreation.asp>.

b. Appendix B: Office of General Services General Specifications, dated July 2006, is hereby expressly made a part of this RFQ as fully as if set forth at length herein and shall govern any situations not covered by this RFQ or Appendix A. Appendix B is available on OGS website at <http://ogs.ny.gov/purchase/bidcreation.asp>.

14. Occupational Safety and Health Act: While at the facility, all contractor personnel shall comply with applicable safety requirements of the Occupational Safety and Health Act.

15. Response Time and Hours of Service: Service shall be furnished 7 days a week within one hour after notification. Most plowing and hauling will be performed during early a.m. hours. Work shall be continuous until all plowing and has been completed. Under no condition shall work be performed on Saturdays, Sundays or Holidays unless authorized by the Superintendent. All lots shall be open to parkers by 6:30 a.m. Monday through Friday. Contractor will provide contact information to the Superintendent.

16. Taxes: DMNA does not pay Federal excise and State sales taxes. Our tax exemption number is 14-740026K, Certificate of Exemption will be provided.

17. Invoicing Requirements: Monthly invoices must be itemized, dated, snow depth, and if applicable, charge for sand/salt, if snow is removed from site, invoice must include equipment used, number of hours and hourly rate. Vendor shall invoice on a monthly basis starting in January 2012 for services rendered in December 2011.

Determination of snow depth for payment will be as recorded by the most LOCAL National Weather Service at time and date snow is plowed.

All aspects of invoicing will be discussed at the coordination meeting.

The Contractor will submit invoices to the Superintendent (Do not forward invoices direct to MNBF-VP). Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Adjutant General of the Division of Military and Naval Affairs, in the Adjutant General's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm by email at epunit@osc.state.ny.us or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any invoices submitted under this Contract if it does not comply with the State Comptroller's electronic payment procedures, except where the Adjutant General has expressly authorized payment by paper check.
