1. NAMES TO BE ENTERED ON ROLLS.

(a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers, in order of grades given in paragraph 9, A. R., 1913; second, the names and grade heading appearing in the order of the rates of warrants; third, all others, except buglers, privates, first class, and privates, in alphabetical order of grade; fourth, buglers; fifth, privates, first class; sixth, privates. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. The names of men of different regiments, fort commands, corps, or departments, will not be borne on the same detachment roll.

They will be classed in the following order: (1) "Discharged," (2) furloughed to the reserve, (3) transferred, (4) died, (5) retired, (6) deserted, and (7) dropped. Under each heading the names will appear in the order prescribed above for members of the company or detachment.

(e) **Soldiers discharged and reenlisted.**—The names of soldiers that have been discharged from the company or detachment since last bimonthly muster and reenlisted will be placed in the body of the roll, as well as under the heading "Discharged." See also "Desertion," par. 2 (p).

(i) **Medal of honor and certificate of merit.**—On the first muster roll after receipt of notice of the award of a medal of honor or a certificate of merit, the fact of the award, together with the date of the engagement and the cause of the award, will be noted.

On subsequent rolls, until the result of the trial has been published, or the case otherwise disposed of, will appear the remark "Awaiting trial (or result of trial) for desertion. See roll

for —, 191—." On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier.—See pars. 131, A. R., 1913, and 43, C. of O., 1881-1915.]

INSTRUCTIONS.

1. NAMES TO BE ENTERED ON ROLLS.

(a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers belonging to the organization, in order of rank; second, noncommissioned officers, in order of grades given in paragraph 9, A. R., 1913, the names under each grade heading appearing in the order of the dates of warrants; third, all others, except buglers, privates, first class, and privates, in alphabetical order of grade; fourth, buglers; fifth, privates, first class, and privates. The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. Lance corporals will be carried under the heading of privates, first class, or privates. The names and the grade headings, which will precede the names, will follow one another without interval, except when made necessary by the use of two or more lines in the column or "Remarks" after a name. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. The names of men of different regiments, fort commands, corps, or departments, will not be borne on the same detachment roll.

Under each heading the names will appear in the order prescribed above for members of the company or detachment.

for ———, 191—. On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier.—See pars. 131, A. R., 1913, and 43, C. of O., 1881-1913.]

(Month and day.)

INSTRUCTIONS.

1. NAMES TO BE ENTERED ON ROLLS.

(a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers belonging to the organization, in order of rank; second, noncommissioned officers, in order of grades given in paragraph 9, A. R., 1913, the names under each grade heading appearing in the order of the date of enlistment; third, all others, except buglers, privates, first class, and privates, in alphabetical order of grade; fourth, buglers; fifth, privates, first class; sixth, privates. The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. Hence companies will be carried under the heading of privates, first class, of privates. The names and the grade headings, which will precede the names, will follow one another without interval, except when made necessary by the use of two or more lines in the column for "Remarks" after a name. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. See pars. 131, A. R., 1913, and 43, C. of O., 1881-1915.]

INSTRUCTIONS.
 SET 11

1. NAMES TO BE ENTERED ON ROLLS.

(a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers belonging to the organization, in order of rank; second, noncommissioned officers, in order of grades given in paragraph 9, A. R., 1913, the names under each grade heading appearing in the order of the dates of warrants; third, all others, except buglers, privates, first class, and privates, in alphabetical order of grade; fourth, buglers; fifth, privates, first class; sixth, privates. The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. Lance corporals will be carried under the heading of privates, first class, or privates. The names and the grade headings, which will precede the names, will follow one another without interval, except when necessary by the use of two or more lines in the column for "Remarks" after a name. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. The names of men of different regiments, fort commands, corps, or departments, will not be borne on the same detachment roll.

(d) **Those who have ceased to belong to the command.**—The names of enlisted men of a company or permanent detachment will be immediately followed by the names of those who have ceased to belong thereto since last bimonthly muster. They will be classed in the following order: (1) Discharged, (2) furloughed to the reserve, (3) transferred, (4) died, (5) retired, (6) deserted, and (7) dropped. Under each heading the names will appear in the order prescribed above for members of the company or detachment.

(e) **Soldiers discharged and reenlisted.**—The names of soldiers that have been discharged from the company or detachment since last bimonthly muster and reenlisted will be placed in the body of the roll, as well as under the heading "Discharged." See also "Desertion," par. 2 (p).

2. REMARKS.

In the column of "Remarks" opposite the name of the person concerned will be stated:

(c) **Date of joining.**—The date that an enlisted man joins, whether originally or from any absence, and if originally, the source of gain. See "Transfer" (m).

The place of absence will also be stated except in case of furlough or absence without leave. If absent on furlough at date of muster, the period authorized will be stated.

If the absence continues, the remarks on subsequent rolls will be limited to a statement of the nature and date of commencement of the absence and a reference to the first roll bearing the entry. Inability to perform duty through disease, etc. (A. W. 107), will not be noted except as provided under "Discharge" k (4), and "Furlough to the Reserve" (1).

(f) **Courts-Martial.**—All sentences of courts-martial, with dates of approval and, except in cases of summary courts, the numbers and sources of orders promulgating same.

(h) **Injuries or wounds.**—All injuries or wounds received during the period covered by the roll, and whether or not contracted in line of duty. Sickness other than that resulting from injuries or wounds will not be stated.

(i) **Medal of honor and certificate of merit.**—(On the first muster roll after receipt of notice of the award of a medal of honor or a certificate of merit, the fact of the award, together with the date of the engagement and the cause of the award, will be noted.

(k) **Discharge.**—Opposite the name of every soldier discharged will be noted (1) whether he was "honorably discharged," "discharged and not recommended for reenlistment," or "dishonorably discharged;" (2) date, place, and cause of discharge, and if discharged prior to expiration of term of service, the number and source of order, or description of authority therefor; (3) character given on discharge certificate, and (4) if retained in the service beyond the period for which enlisted, as indicated by the dates of enlistment and discharge, the cause for such retention will be stated. (n) **Death.**—Date and place of death.

(o) **Retirement.**—Date and place of retirement, and number and source of order.

(q) **Return of deserter to military control.**—Date and place of return to military control; whether deserter surrendered to or was apprehended by the military or civil authorities, and in the latter case the date of surrender or apprehension, will be noted on the first roll. On subsequent rolls, until the result of the trial has been published, or the case otherwise disposed of, will appear the remark "Awaiting trial (or result of trial) for desertion. See roll

for _____, 191—." On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier. See pars. 131, A. R., 1913, and 43, C. of O., 1881-1915.]

(r) **Desertion and fraudulent enlistment.**—(1) Upon the apprehension or surrender of the soldier there will be noted on the first roll of the organization from which he deserted the date of apprehension or surrender, the name under which he fraudulently enlisted, and the place where confined awaiting trial; and on roll of organization in which serving fraudulent enlistment, the date of apprehension or surrender, the organization from which soldier deserted, and the name under which he served therein. (a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers belonging to the organization, in order of rank; second, noncommissioned officers, in order of grades given in paragraph 9, A. R., 1913; the names under each grade heading appearing in the order of the date of warrant; third, all others, except buglers, privates, first class, and privates, in alphabetical order of grade; fourth, buglers; fifth, private, first class; sixth, privates. The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. Since corporals will be carried under the heading of privates, first class, or privates. The names and the grade headings, which will precede the names, will follow one another without interval, except when made necessary by the use of two or more lines in the column for "Remarks" after a name. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. The names of men of different regiments, fort commands, corps, or departments, will not be borne on the same detachment roll.

(d) **Those who have ceased to belong to the command.**—The names of enlisted men of a company or permanent detachment will be immediately followed by the names of those who have ceased to belong thereto since last bimonthly muster. They will be classed in the following order: (1) Discharged, (2) furloughed to the reserve, (3) transferred, (4) died, (5) retired, (6) deserted, and (7) dropped. Under each heading the names will appear in the order prescribed above for members of the company or detachment.

(e) **Soldiers discharged and reenlisted.**—The names of soldiers that have been discharged from the company or detachment since last bimonthly muster and reenlisted will be placed in the body of the roll, as well as under the heading "Discharged." See also "Desertion," par. 2 (p).

2. REMARKS.

In the column of "Remarks" opposite the name of the person concerned will be stated:

The place of absence will also be stated except in case of furlough or absence without leave. If absent on furlough at date of muster, the period authorized will be stated. If the absence continues, the remarks on subsequent rolls will be limited to a statement of the nature and date of commencement of the absence and a reference to the first roll bearing the entry. Inability to perform duty through disease, etc. (A. W. 107), will not be noted except as provided under "Discharge" (k) (4), and "Furlough to the Reserve" (1).

(f) **Courts-Martial.**—All sentences of courts-martial, with dates of approval and, except in cases of summary courts, the numbers and sources of orders promulgating same.

(h) **Injuries or wounds.**—All injuries or wounds received during the period covered by the roll, and whether or not contracted in line of duty. Sickness other than that resulting from injuries or wounds will not be stated.

(i) **Medal of honor and certificate of merit.**—On the first muster roll after receipt of notice of the award of a medal of honor or a certificate of merit, the fact of the award, together with the date of the engagement and the cause of the award, will be noted.

(k) **Discharge.**—Opposite the name of every soldier discharged will be noted (1) whether he was "honorably discharged," "discharged" and not recommended for reenlistment, or "dishonorably discharged;" (2) date, place, and cause of discharge, and if discharged prior to expiration of term of service, the number and source of order, or description of authority therefor; (3) character given on discharge certificate; and (4) if retained in the service beyond the period for which enlisted, as indicated by the dates of enlistment and discharge, the cause for such retention will be stated. (q) **Return of deserter to military control.**—Date and place of return to military control; whether deserter surrendered to or was apprehended by the military or civil authorities, and in the latter case the date of surrender or apprehension, will be noted on the first roll. On subsequent rolls, until the result of the trial has been published, or the case otherwise disposed of, will appear the remark "Awaiting trial (or result of trial) for desertion. See roll

for —, 191—." On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal by the order of such commander or the War Department of a charge of desertion erroneously entered on the rolls against a soldier. See pars. 131, A. R., 1913, and 43, C. of O., 1881-1883.]

(r) **Desertion and fraudulent enlistment.**—(1) Upon the apprehension or surrender of the soldier there will be noted on the first roll of the organization from which he deserted the date of apprehension or surrender, the name under which he fraudulently enlisted, and the place where confined awaiting trial; and on roll of organization in which serving fraudulent enlistment, the date of apprehension or surrender, the organization from which soldier deserted, and the name under which he served therein. On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier.—Sec. pars. 131, A. R., 1913, and 43, C. of O., 1881-1913.]

The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. 1. and 2. will be carried under the heading of privates, first class, or privates. The names and the grade headings, which will precede the names, will follow one another without interval, except when made necessary by the use of two or more lines in the column for "Remarks" after a name. In all cases the last name will be written first, e. g., Smith, John A., not John A. Smith.

(b) **Attached officers.**—The names of officers attached to a company or detachment will be entered on the rolls immediately below the names of the officers belonging thereto.

(c) **Attached enlisted men and casuals.**—The names of enlisted men attached to or casually with a company will not be borne on the rolls of such company, but on separate detachment rolls. The names of men of different regiments, fort commands, corps, or departments, will not be borne on the same detachment roll.

If the absence continues, the remarks on subsequent rolls will be limited to a statement of the nature and date of commencement of the absence and a reference to the first roll bearing the entry. Inability to perform duty through disease, etc. (A. W. 107), will not be noted except as provided under "Discharge" k (4), and "Furlough to the Reserve" (1).

(i) **Medal of honor and certificate of merit.**—On the first muster roll after receipt of notice of the award of a medal of honor or a certificate of merit, the fact of the award, together with the date of the engagement and the cause of the award, will be noted.

(k) **Discharge.**—Opposite the name of every soldier discharged will be noted (1) whether he was "honorably discharged," "discharged and not recommended for reenlistment," or "dishonorably discharged," (2) date, place, and cause of discharge, and if discharged prior to expiration of term of service, the number and source of order, or description of authority therefor; (3) character given on discharge certificate, and (4) if retained in the service beyond the period for which enlisted, as indicated by the dates of enlistment and discharge, the cause for such retention will be stated. for ———, 191—. On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier.—See pars. 131, A. R., 1913, and 43, D. of O., 1881-1915.]

1. NAMES TO BE ENTERED ON ROLLS.

(a) **Members of the company or detachment.**—All officers and enlisted men will be taken up on the rolls from the date of receipt of notice of their assignment, whether or not they have yet joined, and will be entered in the following order: First, commissioned officers belonging to the organization, in order of rank; second, noncommissioned officers, in order of grades given in paragraph 9, A. The names of the men under each grade heading, except noncommissioned officers, will appear alphabetically. These corporals will be placed under the heading of privates, first class, and privates. The names and the grade headings, which will precede the names, will be written without interval, except when made necessary by the use of two or more lines in the column for "Remarks" after a name. In such case the full name will be written first, e. g., Smith, John A., not John A. Smith.

On subsequent rolls, until the result of the trial has been published, or the case otherwise disposed of, will appear the remark "Awaiting trial (or result of trial) for desertion. See roll

for _____, 191—." On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier. See pars. 131, A. R., 1913, and 43, C. of O., 1881-1915.]

The place of absence will also be stated except in case of furlough or absence without leave. If absent on furlough at date of muster, the period authorized will be stated. If the absence continues, the remarks on subsequent rolls will be limited to a statement of the nature and date of commencement of the absence and a reference to the first roll bearing the entry. Inability to perform duty through disease, etc. (A. W. 107), will not be noted except as provided under "Discharge" k (4), and "Furlough to the Reserve" (1).

(h) **Injuries or wounds.**—All injuries or wounds received during the period covered by the roll, and whether or not contracted in line of duty. Sickness other than that resulting from injuries or wounds will not be stated.

(i) **Medal of honor and certificate of merit.**—On the first muster roll after receipt of notice of the award of a medal of honor or a certificate of merit, the fact of the award, together with the date of the engagement and the cause of the award, will be noted.

(k) **Discharge.**—Opposite the name of every soldier discharged will be noted (1) whether he was "honorably discharged," "discharged and not recommended for reenlistment," or "dishonorably discharged;" (2) date, place, and cause of discharge, and if discharged prior to expiration of term of service, the number and source of order, or description of authority therefor; (3) character given on discharge certificate, and (4) if retained in the service beyond the period for which enlisted, as indicated by the dates of enlistment and discharge, the cause for such retention will be stated. for ———, 191—. On the rolls following the final disposition of the case will appear the data given on the first roll, and also the date, with number and source of the order announcing the man's return to duty or the result of the trial, including nature of offense of which convicted. [Note.—The restoration to duty of a deserter by competent authority, namely, by the commander who would be authorized to direct that he be brought to trial, can be ordered only in case the desertion is admitted, and must not be confused with the removal (by the order of such commander or the War Department) of a charge of desertion erroneously entered on the rolls against a soldier.—See pars. 131, A. R., 1913, and 43, C. of O., 1881-1915.]
