Dear Friend. Ellen.

This Family Sunday has
come again I thought I would write you
A few Lines To see what the reason is
You dont write I have felt very much
neglected for fear that you was sick or
something I have ben looking every day for
A Letter From You but was very much
disappointed I hope that I shall see one this
week I sent you a Paper & told you that
Charles Gallow was home from Avar he has
gone now he went last Monday morning
That was hard to see him Start he felt
very bad and so did he I thought her
heart would break she enjoyed herself
While he was here he did not make
a long stay he only ^{had} ten days to stay

Beth I had my Photographes taken Yesterday
& if you will answer this letter vite off
I will send you one that if they are good
I hope they will be good & then I shall be looking
for one from you It is very lonely here to day
althrough it is a very pleasant day if you where
it would be more pleasant my Sisters &
I are going to the Cemetery to d and I
wish you was here to walk along
O. Beth. My Mother is not here to comfort
us to day as she was last Spring. we
shall go to day where she is sleeping. how
sad I shall feel I presume you feel almost
as bad as I do for you are so far
away from your mother it is almost
like death to have them so far off
but you have hopes that you will
see her yet & I have not

I can not write much this morning
I shall do betwixt time

You must write as soon as you get
this I hope that you will remember

I am sure that I shall you & may it be
that we shall soon meet I hope that you
will be more prompt in corresponding & I will
do the same

I shall have to bring this to a close
with a Good buy na more at Present

From a true Friend
