What is the Financial Reporting and Research Group?
Financial Reporting and Research (“FR&R”) is responsible for the timely preparation and reporting of monthly financial results. In addition, FR&R compiles the quarterly and annual financial statements and footnote disclosures; prepares the Management Discussion and Analysis (“MD&A”); and implements new accounting pronouncements. Internally, we communicate results to our executive team and the Board of Directors. Externally, we provide information to regulatory agencies and investors.

What does an Accountant in Financial Reporting and Research do?

- Completes complex accounting transactions
- Prepares internal and external financial reports including required regulatory filings
- Researches, interprets, and implements new accounting and reporting standards in accordance with FASB requirements
- Performs financial studies, actual versus budget analyses, research projects and budgeting

What does it take to be an Accountant in Financial Reporting and Research?

Required:

- A Bachelor’s Degree in Accounting or Business Administration
- Good working knowledge of current and newly released FASB pronouncements
- Work experience researching, interpreting, documenting and implementing (if applicable) FASB pronouncements
- Strong computer skills including a high level of proficiency in Microsoft Excel
- Strong documentation skills
- Well-developed written/verbal communication skills with the ability to multi-task
- Strong interpersonal skills and the ability to work with internal customers in an interactive team environment
- Possess the ability to work in a deadline-oriented, fast paced environment
- Valid driver’s license

Preferred:

- CPA a plus
- Working knowledge of Mainframes
- Working knowledge of Sarbanes Oxley
- Public Accounting experience, particularly with a Big Four Accounting Firm
