DIVISION OF MILITARY AND NAVAL AFFAIRS
330 OLD NISKAYUNA ROAD
LATHAM, NEW YORK 12110

VACANCY ANNOUNCEMENT #25-46

CLOSING DATE: CONTINUAL UNTIL FILLED

VACANCY ANNOUNCEMENTS CAN BE CLOSED 15 DAYS AFTER THE ORIGINAL POSTING DATE

This position is not in the Classified Service of New York State but is covered under New York State Military Law. If selected, current Civil Service employees will lose their seniority within the Classified Service, thereby exempting them from applying for promotional exams within Civil Service.

POSITIONS TO BE FILLED PENDING AVAILABILITY OF FUNDING.

Title:	Senior Environmental Analyst - MNFE
Locations:	New York State Division of Military and Naval Affairs (DMNA): Latham Headquarters – Directorate of Facilities Management and Engineering
Salary Grade:	18
Salary Range:	Current Start Rate: *\$70,543 Job Rate: \$85,138 (*All hires begin at “Start Rate” unless prior state experience affords eligibility for hiring step increase as determined by OSC.)
Duties and Responsibilities:	<p>Environmental Analysts manage project reviews and perform technical environmental analysis, research and field investigations to determine the environmental impact of projects such as energy generation and transmission facility siting; navigation channel dredging; residential, commercial, and industrial development; water supply and wastewater systems; transportation infrastructure improvements; and environmental enhancement projects.</p> <p>The Senior Environmental Analyst will report to the Chief, Environmental Branch or other designated supervisory chain of command as determined by Department Director. The position may report to state and/or federal supervisory personnel.</p> <p>The Senior Environmental Analyst completes assigned responsibilities in accordance with all standards of the Division, the National Guard Bureau (NGB) and the collective bargaining agreement between DMNA and the Civil Service Employees Association (CSEA) – current and as amended. Where applicable, the incumbent is also responsible for ensuring compliance with the Master Cooperative Agreement (MCA) between NGB and DMNA along with appropriate Appendices – current and as amended.</p> <p>The duties and responsibilities of this position include but are not limited to:</p>

- Reviews project impacts and needs for proposals requiring permits under the Environmental Conservation Law.
- Ensures compliance with requirements of the Uniform Procedures Act (UPA) for review time frames, public participation and permit decisions.
- Ensures compliance with the State Environmental Quality Review Act (SEQRA); resolves project issues within the Department and all interested parties.
- Assists in the preparation or review of environmental impact documents per State Environmental Quality Review Act (SEQRA), National Environmental Policy Act (NEPA) and Army Regulations.
- Coordinates interagency environmental review with local governments, State and federal agencies and regional authorities.
- Evaluates and documents environmentally related activities having an effect upon public resources under state jurisdiction. These activities may involve state, local or private interests.
- Identifies permit requirements, environmental issues, overall application content and format for proposals requiring environmental permits and recommends action on permit issuance and drafts permit conditions.
- Conducts field studies, analysis and inventories of physical, biological, natural and manmade resources under state jurisdiction.
- Reviews and coordinates with state and local historical preservation offices any projects or activities which may have an impact on cultural resources.
- Assists in developing rules, regulations and procedures for the implementation of environmental laws as pertains to natural/cultural resources.
- Reviews and inputs data into the Geographical Information System (GIS) database.
- Utilizes various computer software to manage, track and schedule project review activities; monitor data quality and produces reports.
- Represents the Division on committees, task forces, working groups and at meetings.
- May perform the full range of supervisory duties such as developing, training and evaluating staff.
- Other duties as assigned.

JOB REQUIREMENTS:

- Working knowledge of principles and practices of environmental analysis.
- Working knowledge of the effects of environmental projects on human and natural resources and ecological relationships.
- Working knowledge of federal, state and local environmental legislation, rules and regulations.
- Ability to interpret maps, plans, charts and graphs.
- Ability to read and analyze technical material and draw conclusions.
- Ability to input and modify data to GIS.
- Must be proficient in Microsoft Office Suite, specifically MSWord and Excel.
- Must have strong organizational skills.
- Ability to perform tasks with minimal supervision.
- Experience in multi-tasking and prioritizing multiple deadlines.
