SPECIALTY SUMMARY

- **Leadership:** Leads, mentors, and develops intelligence professionals within the 174th Operations Group.
- **Operational Integration:** Advises leadership and integrates intelligence into planning and briefings.
- **Intelligence Products:** Manages the production of timely, actionable intelligence for MQ-9 operations.
- **Training:** Develops and implements training programs to maintain personnel proficiency.

Full time MPA Orders may be available; however, they are not guaranteed and are subject to availability and mission requirements.

DUTIES AND RESPONSIBILITIES

- The primary purpose of this position is to lead the readiness, training, and professional development of assigned personnel across multiple AFSCs supporting 24/7 MQ-9 Reaper operations within the 174th Operations Group. As a senior non-commission officer, you're a key advisor to the Flight Commander and Senior Enlisted Leader (SEL) on all matters, ensuring mission success through seamless integration of intelligence capabilities across operational planning and execution.
- Directly responsible for supervising and mentoring enlisted personnel, fostering a culture of professionalism, mission ownership, and continuous improvement. This includes leading efforts in developing and executing comprehensive training programs to sustain and enhance the operational effectiveness of the intelligence team in direct support of MQ-9 aircrew and commanders.
- Duties include managing the production of accurate, relevant, and timely intelligence products tailored to mission requirements; overseeing day-to-day intelligence operations; and ensuring alignment with higher headquarters directives. Plays a pivotal role in the planning and coordination of intelligence activities, while also ensuring the effective use of resources including classified systems, analysis tools, personnel, and budget allocations.
- This position demands strong enlisted leadership, operational expertise, and the ability to build and sustain trust across units to optimize intelligence support to MQ-9 missions and the broader objectives of the 174th Operations Group.

SPECIALTY QUALIFICATIONS

- **Leadership:** Experience leading, mentoring, and supervising personnel across multiple AFSCs
- **Intelligence Expertise:** Strong knowledge of intelligence products and processes for MQ-9 operations.
- **Operational Experience:** Familiarity with military operations and how intelligence supports 24/7 missions.
- **Training Skills:** Ability to design and implement training programs for intelligence personnel.
- **Resource Management:** Proficient in managing personnel, materials, software, and budgets.

CLEARANCE

TS/SCI, as a minimum.
