9/11MemorialRide

It is our pleasure to invite you to participate in a commemorative motorcycle ride and ceremony on **September 11** as we pay tribute to the strength, courage, and heroism of the police and fire department personnel who led our response and recovery efforts nearly fifteen years ago.

As a vital part of our rescue and recovery efforts on 9/11, your department helped provide an extraordinary example of service and bravery that day. We would be proud to have you join us for this special event as we commemorate the fearless devotion to duty and service our police and fire department personnel showed in responding to that terrible tragedy.

The commemorative ride, comprised of official and unofficial contingents from departments statewide, will depart from Albany, the Hudson Valley and Long Island on the morning of September 11th and convene in New York City for a memorial ceremony.

To confirm your participation, please email: 9/11MemorialRide@exec.ny.gov

Citizen Preparedness Corps

With severe weather events becoming more frequent and more extreme, it is more important than ever that New Yorkers are prepared for disasters. **The NY Citizen Preparedness Training Program** teaches residents to have the tools and resources to prepare for any type of disaster, respond accordingly and recover as quickly as possible to pre-disaster conditions. The training course will provide an introduction to responding to a natural or man-made disaster. Participants will be advised on how to properly prepare for any disaster, including developing a family emergency plan and stocking up on emergency supplies

The U.S. Armed Forces Blended Retirement System *At a Glance*

Saving with the New Blended Retirement System

The FY16 National Defense Authorization Act provides our military force with a modernized retirement plan built for retirement savings. Beginning in 2018, our service members can gain **automatic and matching Thrift Savings Plan contributions** as well as mid-career **compensation incentives** plus a monthly **annuity for life**. All service members under the current system are grandfathered into today's retirement system.

Today's Retirement System:

2.5% x Years Served x Retired Pay Base
after completing 20 years of service

1 Automatic and Matching Contributions Seen Immediately

You Contribute	DoD Auto Contribution	DoD Matches	DoD Total
0%	1%	0%	1%
1%	1%	1%	3%
2%	1%	2%	5%
3%	1%	3%	7%
4%	1%	3.5%	8.5%
5%	1%	4%	10%

The DoD automatically adds **1%** of your basic pay to your **Thrift Savings Plan** after **60 days of service**.
You'll see matching contributions at the start of 3 through the completion 26 years of service, and...

You're fully vested—
it's yours to keep—at the beginning 3 years
of service and goes with you when you leave.

2 Continuation Pay

Received once you complete 12 years of service

You'll receive a **cash payment** at the completion of **12 years of service** if you've made the choice to stay in uniform for 4 more years.

Active Component—2.5 months of basic pay
Reserve Component—0.5 month of basic pay

3 Annuity

Gained after completing 20 years of service

Calculate your **retired pay base** by **averaging the basic pay** of the **highest rank you held for 36 months**. You'll gain this monthly annuity for life after completing 20 years of service.

Options for Collecting Your Retirement Pay

Active Component

Full retired pay

Reserve Component

Full retired pay beginning at age 60*

or

Lump sum with reduced retired pay
on the date the service member begins receiving retired pay until reaching full retirement age.

* Could be earlier based on credited active/inactive service

Effective Date of the New System

► **After January 1, 2018**, you'll be automatically enrolled in the Blended Retirement System (BRS)

► **After January 1, 2006, but before January 1, 2018** you'll have the choice to enroll in the Blended Retirement System or remain in today's current retirement system

KID'S Corner

Have an adult help with this one!

Craft: Fun Star Crayon

Supplies:

- Old crayons separated by color
- Silicone star baking cups

Instructions:

- Remove the paper wrappers on all the crayons.
- Separate the crayons into color groups. Try throwing gold or silver pieces in with another color, this will put streaks of gold or silver throughout the other color. Play with your color combinations and see what happens.
- **Adult task:** Preheat the oven to 275 degrees F.
- Break all the crayons into 1/2 inch to 1 inch pieces.
- Place enough crayon pieces into each silicone cup so that the bottom is covered. Each cup will be filled about 1/3 of the way up.
- **Adult task:** Place the mold into the preheated oven for 8-10 minutes.
- **Adult task:** When the crayons have melted completely, take them out of the oven. Set the mold on a cooling rack for 10 minutes, then place in the freezer for another 15-25 minutes or until the crayons have re-solidified.
- When the crayons are solid, gently push them out of each cup in the silicone mold.
- Now you have brand "new" crayons. This is a very thrifty and fun craft! You'll be sure to have the coolest crayons in the class. These also make great gifts for children and adults alike!
