1) ADMINISTRATION:

a. We have received a small number of MEBS Proficiency Training Events requests where the same service members are asking for repeat events in pay. These are being denied. While we have no problem with service members training as much as possible, we need to ensure that those members who have not planned or scheduled their **paid** training dates get that opportunity. All MEBS personnel who have not yet planned their participation in this year's training (minimum two days per year), need to do so as soon as possible. At a point in July, we will look at re-allocating remaining funds and make the money available to those that will use it.

b. Boat Fuel Receipts: The WRONG WAY and the RIGHT WAY (all information is visible, not one document stapled on top of another).
