7) TRAINING.

- a. The Crew of PB440 assisted the evaluation of a break-in crew from US Coast Guard Station New York. Skills tested included search and rescue response, towing as well as pumping water from a "distressed boat". The evaluators from the Coast Guard greatly appreciated the assistance from the crew of the PB440. The US Coast Guard is a key agency partner. Joint training such as these strengthens the bonds between the US Coast Guard and NY Naval Militia. In the photo to the right you can see the PB440 being towed by a the Coast Guard boat. Well done.
