The contract document will be completed with the successful bidder's information and appended to this IFB and the successful bidder's bid to form the contract between the parties that will be processed for all necessary state approvals.

3.3 Price

The bid price shall be inclusive of all costs including travel (Base Bid Scope of Services), licenses, insurance, administrative, profit and other ancillary costs. For the purposes of this contract, full service shall mean that the contractor's bid price includes: all labor, material and equipment cost; all administrative, reporting or other requirements, all overhead costs and profit. Details of service not explicitly stated in these specifications, but necessarily attendant thereto, are deemed to be understood by the contractor and included herein.

Bidders must submit pricing using the Bid Proposal Form (Attachment 2) contained in this document. Bidders must provide pricing for all items on the Bid Proposal Form.

The contractor agrees that from the effective date of the contract until contract termination, the rates charged by the contractor and paid for by DMNA will be equal to rates provided by the contractor to other clients for like services.

3.4 Term of Contract

This contract will commence upon purchase order approval by the Office of the State Comptroller (OSC).

The State of New York retains the right to cancel this contract for convenience, provided that the contractor is given at least thirty (30) days written notice of DMNA's intent to cancel. Any cancellation by DMNA under this section shall in no event constitute or be deemed a breach of any contract resulting from this IFB and no liability shall be incurred by or arise against DMNA, its agents and employees therefore for lost profits or any other damages resulting there from. This provision should not be understood as waiving the state's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. See Section 4.14 – Termination.

3.5 Price Adjustment (Escalation / De-escalation)

The contractor is to submit a bid that will be fixed for one (1) year only. On each anniversary date of the contract, the contractor may be granted an increase in their bid, dependent upon fluctuations in the Consumer Price Index for All Urban Consumers (CPI-U), Northeast, as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212. Visit their website at <http://www.bls.gov/cpi>. Under no circumstance will the increase exceed three percent (3%).

The 'base' month for determining adjustments will be the third month prior to the start date of the contract. The base month is fixed and will not be adjusted year to year. The adjustments will be based on the difference in the base month CPI for each applicable year and will become effective in the anniversary

month. For example, if the contract is awarded in January 2022, the 'base' month will be October. If the contract allows for an adjustment after the first year, it would be based on the difference between the October 2021 CPI and the October 2022 CPI and become effective in January 2023. The consumer price index is published around the middle of each month for the prior month (i.e. the October figure is not published until mid-November). The Contractor has the sole responsibility to request, in letter form, an adjusted rate and shall provide a copy of the index and other supporting documentation necessary to support the increase or decrease with the request. This request and documentation must be received at the below address within three months of the base month. To ensure timely delivery, certified mail is recommended. As long as the request is submitted and received within the required time frame, the adjustment will be processed using the base month Consumer Price Index. Once approved, the contractor will be notified in writing. **Request and documentation must be sent to the Division of Military and Naval Affairs, 330 Old Niskayuna Road, MNB-PC, Latham, New York 12110.**

Should a contractor fail to submit the request and supporting documentation to the proper location within three months of the applicable base month date, contractor shall be deemed to have waived its right to any increase in price, but the State shall not be barred from making the appropriate adjustment in the case of a decrease determined in accordance with the above methodology.

Please note that the Material Percentage Mark-up shall remain fixed for the contract term.

3.6 Method of Payment

For the purposes of this contract an invoice will be issued by the contractor to initiate payment processing. This invoice will contain the purchase order number and, either in its body or as an attachment, that will **itemize work completed**. Such itemization must include at a minimum: date of service, start and finish times, actual number of hours worked and a detailed description of services performed (such as what type of equipment and material were used), and an itemized cost for services provided. Materials used should be detailed to include quantities, unit prices and mark up percentage to show the total price.

Invoices for payment shall be submitted at the end of each month on a **company invoice** for services satisfactorily completed during that month. A representative from DMNA will attest to the services rendered/goods received and forward the invoice to: Division of Military and Naval Affairs, c/o NYS OGS BSC Accounts Payable, Building 5, 5th Floor, 1220 Washington Avenue, Albany, New York 12226-1900 or by email to AccountsPayable@ogs.ny.gov

The invoice will be processed in accordance with established procedures of DMNA and OSC all payments will be subject to the prompt payment provisions of Article XI-A of the New York State Finance Law.

Invoice without the above stated information will be returned to contractor to be completed as required above. Payment will not be issued and will not be due and owing until a corrected invoice is received and approved by DMNA.

3.7 Electronic Payment

The contractor shall provide a complete and accurate billing invoice in order to receive payment. Billing invoice submitted must contain all information and supporting documentation required by the contract, the agency, and OSC. Payment for invoice submitted by the contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Adjutant General, at the Adjutant General's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The contractor shall comply with OSC's procedures to authorize electronic payments. Authorization forms are available at OSC's website at <http://www.osc.state.ny.us/epay/index.htm> or by e-mail at epunit@osc.state.ny.us, or by phone at 518-474-4032. The contractor acknowledges that it will not receive payment on any invoice submitted under this contract if it does not comply with OSC's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

Please note that in conjunction with New York State's implementation of the new Statewide Financial System, OSC requires all vendors doing business with New York State agencies are to complete a Substitute W-9 form. Vendors registering for electronic payment can complete the W-9 form when they register. Vendors already registered for electronic payment are requested to go to the above website and complete the Substitute W-9 form and submit following the instructions provided.

3.8 Past Practice

The failure to exercise any right hereunder in the past shall not operate as a waiver of such right. No breach of this Agreement shall be deemed waived unless such waiver shall be in writing and signed by the party claimed to have waived. No waiver of any breach of the Agreement at any time in the past shall constitute a waiver of subsequent breach.

3.9 Bid Exceptions

The issuing office will consider all requests to waive any bid requirement. However, bidders should be aware that failure to obtain a waiver of any bid requirement in advance of bid submission could result in rejection of bidder's bid and disqualification from the bidding process. The request must cite the specific section and requirement in the question, and clearly identify any proposed alternative. Requests will be considered and responded to in writing, either through an addendum (if the response results in a change to the IFB), or directly to the requesting vendor.

The DMNA Budget and Finance Directorate, encourages vendors to seek resolution of disputes through consultation with the DMNA Budget and Finance staff. (Note: prior to the contract award, all disputes must be sent to the designated contact.) All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes.

It is expressly understood and agreed that the DMNA and OSC shall have the right to inspect and audit the contractor's records covered under this Agreement, in accordance with his statutory responsibility to examine the books and accounts of every Agency. 4.4 Tax and Finance Clause

TAX LAW § 5-A:

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than \$100,000 to certify to the Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors' sales delivered into New York State are in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect state sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits OSC, or other approving agency, from approving a contract awarded to a contractor meeting the registration requirements but who is not so registered in accordance with the law.

Contractor certification forms and instructions for completing the forms are attached to this IFB. Form ST-220-TD must be filed with and returned directly to DTF. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the contractor, its affiliate(s), or its subcontractor(s) a new Form ST-220-TD must be filed with DTF.

Form ST-220-CA must be filed with the bid and submitted to the procuring covered agency certifying that the contractor filed the ST-220-TD with DTF. Proposed contractors should complete and return the certification forms within two business days of request (if the forms are not completed and returned with bid submission). Failure to make either of these filings may render a Bidder non-responsive and non-responsible. Bidders shall take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Vendors may call DTF at **1-800-698--2909** for any and all questions relating to Section 5-(a) of the Tax Law and relating to a company's registration status with the DTF. For additional information and frequently asked questions, please refer to the DTF web site: <http://www.tax.ny.gov/>
