4. Send this form to NNC/J712 LEARN at: n-nc.peterson.n-ncj7.mbx.j712-trng-omb@mail.mil. Once your account is created, you will receive an email with access information and a link to the training website. (It can take between 24 - 48 hours for a new account to be configured for access.)

Please Note: Students have a 90 day window to complete the training once it's assigned. After 60 days, students will start receiving weekly system generated reminders to complete the training. Student accounts will become inactive if the assigned training is not completed in 180 days. Accounts can be reactivated past the 180 day period by sending a new request to the address listed above.

5. All course related material, presentations, and current doctrine references have been posted to our companion website located on milBook. The site is part of the milSuite DoD platform developed to share information, educational material, etc. across the DoD enterprise.

Click to request access to our milBook site: <https://www.milsuite.mil/book/groups/norad-northcom-j723>. You will receive an email approval notice once your request has been processed.

For questions or issues with access or course details, please contact Thomas Newman at: thomas.g.newman.ctr@mail.mil, or via phone: (719) 332-6159.
